## STUDY AS A FAMILY WITH GV HAWAII'S PARENT & CHILD/TEEN PROGRAMS!

Parents study part-time (20 lessons per week) in the adult General English Program while their children study in the Cambridge Young Learners of English (YLE) or Cambridge Teen Learners of English (TLE) Programs.

The Cambridge YLE Program is recommended for young students from 6 to 12 years old who wish to get a head start in developing effective English communication skills. YLE students can receive an official Cambridge certificate upon taking the Cambridge YLE exam.

The Cambridge TLE Program is recommended for teens from 12 to 17 years old and aligns the curriculum with the Cambridge Key English Test (KET) and Cambridge Preliminary English Test (PET).

In addition to the Cambridge YLE & TLE classes, students will have the option of activities with their classmates in a fun and casual environment. Students will be able to improve their English and make new friends in Hawaii.
